

Dear Ms Holderness,

Thank you for inviting us to Christ Church Cathedral. I really enjoyed my opportunity to be able to come and visit.

My favourite part was visiting the McKenna room music session because I loved playing all the different instruments. I also enjoyed listening to the violinist play the Harry Potter theme tune.

The storytelling of the nightingale was amazing. I really loved the way the story was told in all the Cathedral. I loved the fact that the story was illustrated by music.

Thank you for letting me visit, my experience was very good and I would definitely go again. If I had the wonderful chance I would definitely go. The music was amazing, the visit was amazing.

Your Sincerely,
Alice
