

Dear Ms Holderness,

Thank you for letting us visit Christ Church Cathedral. It was a pleasure to meet you and visit your wonderful place. My favourite was the Mc Kencha room because we got to try all of the instruments. My favourite was the guitar, violin, clarinet, and the trumpet. The hard one was the flute because the sound didn't come so after a while it did. Then I enjoyed the nightingale story.

Thank you for introducing James and it really helped us to learn about Christ Church. I really liked the story that Bill told me and the class about. Fideswide it was actually an interesting story because I haven't heard of a saint like that. Also I loved the pic of DS because it was actually strange and weird.

I loved the picture it when they talked

about Alice and I didn't loved Graham's
action when he was doing the story
because it matched the story action,
especially the voice of the king. I
really enjoyed it and can we visit
you again cause it was fun meeting
you and your wonderful place

Sincerley
