Eruption!

Disaster! Vesuvius erupts in Pompeii.
Dogs howl like howler monkeys.
People scream wildly, as the ash cloud approaches.
Fires are born as burning lava hits buildings.
More and more ^{burning} people turn to STONE as quick as a flash.
Lava raining down like tears.
Smoking ash as black as soot.

More rumbling equals more lava!!!
A massive mountain is now a volcano!
Toxic ash coming from Vesuvius rapidly!
Vesuvius is roaring as loud as a lion!
Even more people turn to stone!
Goodbye Pompeii and you go with a

Pompeii
BOOM!!
