Home Learning for children in the Reception class

Dear parents and carers,

As you will have heard, school will unfortunately be closed for most children for the foreseeable future.

While your children are at home, it is important that their learning is disrupted as little as possible. Therefore, teachers will be sending work home every Monday morning, during normal school term times, for your child to complete over the week.

It is entirely up to you to decide what the best way is for your child to complete their work. Some parents may find that doing a couple of hours of schoolwork each day helps to keep your child in a routine. You may like to concentrate on schoolwork each morning and allow your child time to play, do some activities with you or relax in the afternoons. You may need to be more flexible so that you can fit your child's learning around your own work commitments. Some parents who have several children of different ages may be able to adapt the activities sent home so that all of the children in the family can work together.

If you are finding this difficult and need some help, please do not hesitate to contact us on our school email address reception@st-edmunds-rc.oxon.sch.uk so that we can suggest some ideas. Please ask if there are any tasks set for the children that you don't understand or don't know how to complete.

Please remember that Reception aged children spend 6 hours a day at school, of which at least 3 hours are spent playing. There is no expectation that your child will sit at a table working for a whole school day. In fact, it is equally important that your child has lots of time to play outdoors, exercise, spend time with you, listen to stories and relax.

Please also be aware that, like the rest of us, many children will find this unusual situation very unsettling and may take some time to get used to being asked to work at home. We do not want children to become stressed or upset. If you are having difficulties, please do let us know

On Monday morning, you will receive a planning sheet with 5 days worth of work. There will be one activity a day for Maths, Literacy, Phonics and Handwriting. For some of these activities, you will need a worksheet or another resource such as a PowerPoint presentation. These worksheets can be found in the 'Resources Folder' which will be included in your weekly email.

There will also be some suggestions for additional learning activities that reflect the kind of learning through play that children would experience on a normal school day in Reception.

Headteacher: Mrs M Delany-White

Class teachers will continue to work whilst schools are closed. Please share with us what your child has been doing. There are two different ways that you can do this:

- You can email us at reception@st-edmunds-rc.oxon.sch.uk and send photographs or scans of your children's work.
- You can make a **Tapestry** observation, telling us what your child has been doing and including some photographs of them at work.

In response to the Corona Virus pandemic, many companies who provide resources for schools have kindly agreed to share their resources for free with parents. A list of useful online resources is included with this letter. Links are also included on the school website <https://st-edmunds-rc.oxon.sch.uk/information/curriculum-information/helpingathome/>

We are genuinely very sad that we will not see your wonderful children for the next few weeks. We look forward to welcoming them back as soon as we are able.

We wish you and your families good health

Please stay in touch

Best wishes

Sarah Demarchi and Ceri Hurley
