

## TODAY

By Imogen Penfold, Age 9

When I woke up this morning it was cold and dark,

As I came downstairs it got a bit warmer.

Coronavirus is in the air,

We want to stop this performer!

So lets stay inside and look out the window,

Colouring in lots of rainbows.

Because the sun will come out,

We will be fine!

We can stop missing our friends and school,

I can't wait to jump in a swimming pool!

Thank you to all the key workers,

Gold medals go to the NHS an our teachers.

Coronavirus you've been a test,

Now go away give it a rest!
