You will need to look at your 2DIY3D Game this week. I have put the instructions into the Resource Folder called Computing Lesson. Please follow these. We cannot evaluate each other's games, but could you ask a sibling or parent to play your game and put an evaluation on your leaflet for you?

I have set your leaflet as a redo.

All other resources can be found under 2DIY3D.

Please share your final game on the class blog and the Computing Display Board. I will approve them on both.
