HOME-SCHOOL AGREEMENT

DECLARATION OF PARTNERSHIP

At St Edmund's School, we believe that parents are the first educators of their children and that we are called to support them in their God-given task.

We believe that through our school we enable our young people to experience a vibrant, loving Catholic community whereby we as a part of our Parish engage with the world and offer experience of Gospel values to all with whom we are in contact. To achieve this, we will from time to time reflect on our practice, celebrate and consolidate our success and realistically explore ways of journeying more closely together.

BACKGROUND

"A learning community, celebrating Christ in all, building a kingdom of love, hope and joy."

As a Catholic school we recognise in everyone the dignity and beauty of the person, made in the image of God. We value each individual and respect them regardless of their background and circumstances because they are our brothers and sisters in the family of God, and we are called to love and value everyone.

Our mission is to develop to the full the religious, emotional, academic, aesthetic, social and physical potential of each person in the school in a community united by our Catholic faith. The school's priority will be to serve as a witness to the Catholic faith in Our Lord Jesus Christ. It is through home and school working closely together that this is achieved.

At St Edmund's School our aims are to:

- Work closely with parents and children to ensure that all children achieve their full potential.
- Ensure that school and home work together in full co-operation.
- Ensure that the children, school and parents are fully aware of what is required of them.
- Welcome and encourage children of all abilities.
- Be receptive to the views of parents concerning school life.

It is hoped that the Home-School Agreement will provide a framework for the further development of this intrinsic and valuable partnership.

Where attainment objectives are set the school will expect to work with the parents as well as the child to achieve the objectives set.

The School is an integral part of our Parish Community, and we strive to play an active role in the life of our Parish sharing the mission of the Church to proclaim the Gospel of Jesus Christ.
